Public Procurement Guidelines for Goods and Services

Procurement is the process of finding, acquiring, buying goods, services or works from an external source, often via a tendering or competitive bidding process. The process is used to ensure the buyer receives goods, services or works the best possible price, when aspects such as quality, quantity, time, and location are compared. Procurement is considered sustainable when organizations ...

Sustainable procurement - Wikipedia

In 2017-18 there were 73,458 contracts published on AusTender with a combined value of \$71.1 billion.
