Professional Guide to Wheelbuilding

Many may consider Wheel Building to be some what of a Dark Art. All the odd spokes patterns and terms no normal man can understand like nipples, ERD, offset, 2 cross, 3 cross, flanges ect, However all is not lost, there are some books out there explaining the process some are really good others are just plain dumb.

Tiny Cycles.: Roger Mussons Professional Guide to Wheel ...

"Professional Guide to Wheel Building" is the easiest to understand, the best illustrated, the most current and the least expensive of the three titles. I would recommend either of these - or better yet, both - over "The Art of Wheel Building".
