Planetary Interaction Guide. Planetary interaction in EVE Online consists of buying a Command Center on the market, building it on a planet, and then building extractors and factories to mine resources from the planet and produce commodities with them. It was made fully available on 8 June 2010 with the introduction of Command Centers...

Planetary Interaction is a fairly passive way to make ISK while you aren't actively playing EVE. You set up planets to produce stuff, then come back a few days later and collect it. It's pretty accessible to a lowskilled character - you can get going with a 20 million ISK investment and just 10-30 hours of skilling.
