Competition law is a law that promotes or seeks to maintain market competition by regulating anti-competitive conduct by companies. Competition law is implemented through public and private enforcement. Competition law is known as "antitrust law" in the United States for historical reasons, and as "anti-monopoly law" in China and Russia. In previous years it has been known as trade practices ...

I have a pretty broad/general question I am hoping to get some feedback on. How much force (in ft/lbs) is required to hold a billet of stock in a vise for machining?? Is there a calculation I can do for material type and material removal rates? More specifically, if I am trying to hold a 2" thick x ...

Ethical Decision Making in Research. Although codes, policies, and principals are very important and useful, like any set of rules, they do not cover every situation, they often conflict, and they require considerable interpretation. It is therefore important for researchers to learn how to interpret, assess, and apply various research rules and how to make decisions and to act ethically in ...
