Make a Whirlybird from Paper. Aircraft such as helicopters with spinning blades are called rotary wing, unlike traditional airplanes, which are fixed wing. In this activity you will build a simple paper helicopter called a "whirlybird.". Unlike a real helicopter, the whirlybird does not have a motor to make its blades spin.

Make a Whirlybird from Paper - Scientific American

For the circle template: Just right click and save to your computer if you want to use my circles...you could just decorate the cardboard. 1. Make 2 circles onto your printer paper, or download and print the template above. 2. Add color to these circles, the more colorful, the more fun it is to see as it spins.... 3. Cut out paper circles.
