Holt McDougal Modern Biology Chapter 10: DNA, RNA, and ... The Kell antigen system is an important blood group system.

Respiratory System Modern Biology Study Guide

The respiratory system ensures that enough oxygen is taken in. But it is the cardiovascular system, which includes the heart, arteries, veins, and capillaries, that delivers it to all of the body's many cells, and removes the carbon dioxide waste. These two systems work very closely together, almost as one system.
