I wonder if Verizon and the phone manufacturers are starting something new -- on the Casio Ravine 2 and on the Brightside, the manuals show that the memory card should be oriented so that the gold colored contacts on the memory card are facing up. After skimming through the manual, the Brightside sounds like a fun phone.

Earlier today, i was using my samsung brightside to text, and i noticed that the power/end button would only work if the screen was slid out. And then the back button started to not work as well. And now, about 10 minutes ago, when i unplugged my phone from the charger and opened it up, all there was was a white screen.
