Using everyday materials in open-ended projects, we transform the ordinary to the extraordinary while nurturing problem solving skills, building creative ...

Powerful Triangles and Spheres: Paper Plate Buckyballs ...

The "slide-together" paper construction method is a fun and satisfying way to build 3D geometric objects. It only requires paper, scissors or an exacto knife, and some patience. In Tuesday's post, we explored the slide-together method, using ordinary playing cards to build the platonic solids. In today's post, we are going to extend this method by making polyhedral objects using regular ...

Download Paper Sphere Template Triangle PDF

The arms for the Sphere with Triangles are made following the principle used for Heart #050 with Triangles. First you prepare each arm from two parts of different colour and then weave them together like the simple Sphere #001. The Sphere is made from 2 times 12 arms. Each arm is made from 2 pieces cut from different templates.
