Digita Accounts Production is the only accounts software available today that updates and compares vital changes to all your existing clients. It has made its name as a powerful, elegant and flexible solution with all the refined and robust detail you'd expect ...

### **Sage accounts production user guide trend: Digita Accounts ...**

I use Sage Accounts Production Advanced with iXBRL and Sage Corporation Tax. Initially iXBRL was quite cumbersome but Sage have brought out an update which likely is easier and more efficient. As to the use of these products I regard them as reasonably well compliant however as is usual with Sage, the modules are not very user friendly.
