Introduction: Provide a statement of the objective(s) and the anticipated significance of the work to your field of study. What problems or questions will be investigated? We suggest that the introduction begin with a brief description of the project in general terms, being sure to clearly identify what contributions this project means to make for readers in a particular field.

Guidelines for Writing Project Proposals - Undergraduate ...

Project-based learning (PBL) is a student-centered pedagogy that involves a dynamic classroom approach in which it is believed that students acquire a deeper knowledge through active exploration of real-world challenges and problems. Students learn about a subject by working for an extended period of time to investigate and respond to a complex question, challenge, or problem.

Food Systems PRISM Lab - Home

In selecting projects for funding, the Foundation seeks proposals for original initiatives led by outstanding individuals or teams. We are interested in projects that have a high expected return to society, exhibit a high degree of methodological rigor, and for which funding from the private sector, government, or other foundations is not yet widely available.
