The Sims is a strategic life-simulation video game developed by Maxis and published by Electronic Arts in 2000. It is a simulation of the daily activities of one or more virtual people ("Sims") in a suburban household near a fictional city. The game's development was led by Will Wright and the game was a follow-up to Wright's earlier SimCity series. The Sims original series had a total of ...

Apps provide multiple entry points. Android apps are built as a combination of components that can be invoked individually. For example, an activity is a type of app component that provides a user interface.. The "main" activity is what starts when the user taps your app icon, but you can take the user straight into a different activity from other places, such as from a notification or even ...
