The Science of Spin There are all sorts of spinners and paper toys that fly that can very easily be constructed and tested. One of my favorites is this spinner (includes template). Once I made these with a group of preschoolers on a windy day and they went soaring right up and over the building! Add a paperclip on the bottom to improve your spin!

Hold the Roto-Copter by the paper clip. Throw it like a baseball, as high and far as you can. It will spin to the floor. You can also stand on a chair or on the stairs and drop it. Ask a grown-up if you can drop it out the window. If you want, you can use crayons or markers to color your Roto-Copter before you fold it.
