As per most trading guides, this guide is built assuming all pets have equivalent names. A VWN lower tiered pet could easily trade above their tier, and vice versa with a BN higher tiered pet. Also, occasionally, you may see users overoffering for a specific pet. Those making conscious overoffers will not make a pet go up in value.

What is "Pet Trading"? In the most basic terms, trading is when one Neopet is swapped for another. Unlike item trading, which takes place at the Mystery Island Trading Post, there's no official system for advertising pets you would like to trade; finding someone who owns the Neopet of your dreams, and likes one of your pets enough to swap, has to be done through posts on the Neopian Pound Neoboard.

The most important thing in the neopets pet trading guide is the ability to hear your opponent or opponents. It does not matter if your opponent sits at a table opposite or thousands of kilometers away on the other side of the computer. If you own this skill, then know that you will definitely succeed in neopets pet trading guide.
