Civil law, or civilian law, is a legal system originating in Europe, intellectualized within the framework of Roman law, the main feature of which is that its core principles are codified into a referable system which serves as the primary source of law. This can be contrasted with common law systems, the intellectual framework of which comes from judge-made decisional law, and gives ...

Civil law (legal system) - Wikipedia

International law, also known as public international law or law of nations, is the set of rules, norms, and standards generally regarded and accepted in relations between nations. It establishes normative guidelines and a common conceptual framework for states to follow across a broad range of domains, including war, diplomacy, human rights, commerce, and environmental preservation.

International law - Wikipedia

As the worlds of commerce and small business have evolved, so too they have encountered a range of new and diverse threats. While the small business owners of the past were preoccupied with locking their places of businesses and ensuring that their merchandise was kept in a secure location, now they have to consider additional measures to protect the integrity of their commercial interests.
