### **British Ration Week Episode 1: Introduction**

Rationing was introduced temporarily by the British government several times during the 20th century, during and immediately after a war.. At the start of the Second World War in 1939, the United Kingdom was importing 20,000,000 long tons of food per year, including about 70% of its cheese and sugar, nearly 80% of fruits and about 70% of cereals and fats.

Once a person's ration stamps were used up for a month, she couldn't buy any more of that type of food. This meant planning meals carefully, being creative with menus, and not wasting food. More than 8,000 ration boards across the country administered the program. Let's take a closer look at some WWII Ration Books. You'll notice that they ...

### **Ration Books | The National WWII Museum | New Orleans**

Rationing is the controlled distribution of scarce resources, goods, services, or an artificial restriction of demand. Rationing controls the size of the ration, which is one's allowed portion of the resources being distributed on a particular day or at a particular time. There are many forms of rationing, and in western civilization people experience some of them in daily life without ...
