Interdisciplinarity: a literature review 1 Introduction In recent times, the theme of interdisciplinarity has gained popularity in policy, practice, teaching and research circles. Even as scepticism for the concept exists, it has now gained moral overtones with arguments for why interdisciplinarity is both desirable and inevitable.

From our compilation of published scientific reports, we estimate the current proportion of insect species in decline (41%) to be twice as high as that of vertebrates, and the pace of local species extinction (10%) eight times higher, confirming previous findings (Dirzo et al., 2014). At present, about a third of all insect species are threatened with extinction in the countries studied ().

Most editors will tell you that a car review should not focus only on how the new model compares to the last one. If there's ever an exception, though, it's with the 2019 BMW 3 Series, a car for ...

2019 BMW 330i xDrive review: The new and improved 3 Series

A literature review may consist of simply a summary of key sources, but in the social sciences, a literature review usually has an organizational pattern and combines both summary and synthesis, often within specific conceptual categories. A summary is a recap of the important information of the source, but a synthesis is a re-organization, or a reshuffling, of that information in a way that ...
