Note: Citations are based on reference standards. However, formatting rules can vary widely between applications and fields of interest or study. The specific requirements or preferences of your reviewing publisher, classroom teacher, institution or organization should be applied.

Pipefitter : test preparation study guide, questions ...

This is the math of pipe fitting written as simply as it can be. All rules of thumbs and the trades secrets are based on math. A pipe fitter can be okay or pretty good without a strong math knowledge but he or she will never be excellent. Once learned this math can be used in any trade because the math doesn't change. Showing how to use the calculator makes it even better.
