5 Click User Programs Click on the RMS Express Setup xxx.zip link. Select Save As Select the directory where you want to save this file. Click OK Repeat the process for the itshfbc xxx.zip file. This is the propagation software we install later. Open the RMS Express Zip File. Extract the RMS Express Setup.msi file to the desktop

Configure RMS Express and Winmor WL2K

Winlink Express (formerly RMS Express) is the preferred Winlink radio email client because it supports all new system features, and it is the only client supporting the Winlink Hybrid Network for email delivery with or without the internet. Winlink Express is designed to be easily used by single users with a single call sign but it may also be used to simultaneously send and

Winlink Express | Winlink Global Radio Email

Don't Add @winlink.org. If an RMS Express user addresses a message to g8bpq@winlink.org, RMS Express removes the winlink.org and only sends the callsign. Normally BPQ adds the winlink.org back if it receives just a callsign in the TO address. as that is what most RMS Express users would expect.
