Photojournalism is a particular form of journalism (the collecting, editing, and presenting of news material for publication or broadcast) that employs images in order to tell a news story. It is now usually understood to refer only to still images, but in some cases the term also refers to video used in broadcast journalism.

Photojournalism - Wikipedia

The California State Library, a California public research institution, serves the people of California in many ways. Library Sections We have a number of sections that offer services to state government, public libraries, and the general public. History ...

When done correctly, photography is one of the most powerful tools of communication. In fact, the images you choose to portray Cal State LA are just as important as the copy. Cal State LA is a special place and the photography we use to shape our brand should reflect that. Images should be engaging and authentic to draw the reader's attention.

You'll learn digital storytelling techniques for still and video photography and collaborate with peers and professors to produce award-winning publications at one of the only photojournalism programs in the region.

Photojournalism at Minnesota State University Moorhead

This history of CSULB and the CSULB Library was extracted, for the most part, from "The University Library: 40 Years of Growth" which was published to commemorate the acquisition (in 1988/89 academic year) of the 1,000,000th volume for the CSULB Library. The original document is available in the Library's Archives.
