### **Erection and Safety Manual - Armstrong Steel**

If your penis fails to become erect, even after repeated cranking, or if you have trouble maintaining an erection, let it idle for a while. Just about every man experiences an occasional erection problem, so try not to let it bother you. If you do it can develop into a psychological problem that can require extensive systems analysis to remedy.

### **Penis Owner's Manual - Vasectomy-Information.com**

The penis is the male sexual organ. The shaft is the longest part of it. The head or glans is at the end of the shaft. The opening at the tip of the head, where urine and semen come out, is called ...

### **How the Penis Works: Erection and Ejaculation - WebMD**

**ERECTION.** To gain an erection, blood vessels at the entrance of the penis open up and allow blood to flow in. The blood (warm and therefore red, in the heat-sensitive photo) then enters the sponge-like tissue of the corpus cavernosum and corpus spongiosum. As the blood fills into the penis, an erection forms.
