car-part.com is probably the best general source, you can look up a part and if it can interchange with another model it'll show the other model in the list of available parts. For example if you search for an '04 mazda6 starter it'll have a couple of MPV's listed with mazda6's which means it interchanges between the two.

Any place where i can check what interchangeable parts ...

A transmission interchange guide is a listing of transmissions that shows which model of transmissions fit into specific model vehicles. Transmission interchange guides provide necessary information when replacing a faulty transmission or choosing a new one with different features than the original.

What Is a Transmission Interchange Guide? | Reference.com

Sometimes it is necessary to consult the list of "option codes" on your Fiero to determine which specific parts it contained as-built by the factory. For example, it is difficult to know the capacity of an alternator by looking at it. The list of option codes (also called RPO or Regular Production Option codes) provides this information ...
