Apex Legends took the world by storm awfully quickly. The battle royale game from Respawn Entertainment gave the entire genre a shot in the arm seemingly overnight. And that's partially thanks to the Apex Legends roster — a crew of characters with special abilities that make no two squads quite the same.. The upside is that mastering these characters is a lot of fun.

One thing I have noticed about the boards is that, on average, classes with excellent optimization guides get played more often than classes that don't. Unfortunately for Pathfinder aficionados, most of the best 3.5 optimization guides don't apply to Pathfinder because they use class features, feats and items unavailable to "PF Pure" games or were written at the launch of Pathfinder, before ...
