Calibration. These days, racing and cruising yachts carry a wealth of tactical computer software on board, even in the most simple of systems, providing data such as wind speed and direction, course being steered, tacking angles, speed over the ground, distance to waypoints and marks, tide and tacking angles.

Marine and Boating Supplies and Accessories in United States

PS 11/20/2016: The good Hartley Gardner sent photos of a Raymarine SeaTalkNG spur cable recently dissected. Note the separately shielded power and data wire pairs, the extra yellow wire for certain Seataalk1 uses, and the fact that the power wires are heavier gauge than standard N2K micro wires, which reduces voltage drop.. Rigger Mounts. While manufacturers offer outriggers that mount on the gunwales or cabin sides, most center-console fishing boats utilize mounts that bolt to a hardtop or the underlying frame of a fabric T-top, says Jose Chao, strategic product category manager for Miami-based Taco Marine, a leader in outrigger systems. "Some of the most important advances have occurred in mounts that allow ...
