Many people have made use of, or invented, units of measurement intended primarily for their humour value. This is a list of such units invented by sources that are notable for reasons other than having made the unit itself, and that are widely known in the anglophone world for their humour value.. These units may or may not have precise objectively measurable values, but all of them measure ...

In computer science, binary search, also known as half-interval search, logarithmic search, or binary chop, is a search algorithm that finds the position of a target value within a sorted array. Binary search compares the target value to the middle element of the array. If they are not equal, the half in which the target cannot lie is eliminated and the search continues on the remaining half ...

Before we get into the details, we’ll take an overview. Satanists thrive on power. Satan loves to give his followers power. Satan took Christ to the mountaintop and told Christ that he’d have a "crusade" and bring every one to follow Christ, if Christ would just bow down and worship him. Christ refused. Billy Graham accepted it. We know a great deal how the Satanists took Billy Graham, the ...
