Psychiatric Nursing Charting Documentation
Three common documentation methods are used namely - focus charting, SOAP/SOAPIER and narrative documentation. Flow sheets and checklists are also frequently used as an adjunct to document routine and ongoing assessments and observations. Purposes of Documentation in Psychiatric Nursing Practice It is a tool to enhance practice and patient care.

Documentation in Psychiatric Nursing - ijhsnet.com
Quality in nursing documentation facilitates continuity of care and patient safety. Lack of communication between healthcare providers is associated with errors and adverse events. Shortcomings are identified in nursing documentation in several clinical specialties, but very little is known about the quality of how nurses document in the field of psychiatry.

Assessment of quality in psychiatric nursing documentation ...
I would be interested in gettin the documentation. I too, am new to psych. I only have a year under my belt (but in corrections) and only 6 mths in mental health and bio-chemical dependency. I have alot to learn and would love to see what you have. I could always learn to do better charting.
