By definition a research paper requires the writer to learn a great deal about their subject, so it is always a good practice to select a topic that truly interests you before you begin gathering sources.. If you are interested in your topic, learning about it will be more pleasurable and you will write with greater passion, so choose your topic thoughtfully.

Lester Asheim made some of the most important contributions in library science through his work on censorship in the library atmosphere. Asheim was an active librarian in a time of great growth in the library science community. His most famous article entitled "Not Censorship, But Selection" has become as ingrained to library science as the five laws of Ranganathan.
