Plone 4 User Manual — Plone vs Facebook Documentation

7.3. Users¶ Let's create our first users within Plone. So far we used the admin user (admin:admin) configured in the buildout. This user is often called "Zope root" and is not managed in Plone but only by Zope. Therefore the user is missing some features like email and full name and won't be able to use some of Plone's features.

7. The Features of Plone — Plone Training 2018 documentation

Roles¶. As hinted at above, Plone divides users into different categories. Un-authenticated. These are the general public viewing your site. They have no power to add content to the system at all, and will be restricted to seeing only selected content.
