At Dreamforce 2014, with the advent of the Salesforce1 mobile app, Marc Benioff challenged executives to run their business from their phone. Is this notion a myth, or can your company really operate via magic buttons on smartphones? If your business processes are mature and logical, this concept is not mythical; however, you must have clear vision and take deliberate steps to achieve it.

The Magic Button: Moving Away From Excel To Using ...

I've always enjoyed building real-time applications. A few years ago, I built the Java back-end for the Tour of California "Tour Tracker", and over the years, I have also been involved in several real-time Trader Desktop projects that I documented in this blog. So I thought it would be nice to explore the process of building a real-time application with Node.js and Socket.IO.

Real Time Web Analytics with Node.js and Socket.IO ...

Training is not a commodity – all training centres are not the same. Iverson Associates Sdn Bhd is the most established, the most reputable, and the top professional IT training provider in Malaysia.
